

15th Annual
Sheldon Schultz Prize for
Excellence in
Graduate Student Research

The Schultz Prize was first presented in May 2003 at the 20th anniversary of the founding of the Center for Magnetic Recording Research (name changed to Center for Memory & Recording Research). The Prize is named in honor of former CMRR Director, **Sheldon Schultz**, who skillfully guided the Center from November 1990 through August 2000.

The Prize is intended to recognize CMRR graduate students who have distinguished themselves through the creativity of their research and the impact of their publications. The selection of the recipient is based upon the recommendation of a committee consisting of CMRR faculty members, with input from selected experts in information storage technology.
