

## Congratulations to Sheena Patel for being chosen as a 2017-2018 STEM Chateaubriand Fellow!

Sheena is a Graduate Student in the Department of Physics, researching under the supervision of Eric Fullerton. She has been a great mind to have at CMRR, and we wish her the best in France!

The Chateaubriand Fellowship is a grant offered by the Embassy of France in the United States. It supports outstanding Ph.D. students from American universities who wish to conduct research in France for a period ranging from 4 to 9 months. Chateaubriand fellows are selected through a merit-based competition, through a collaborative process involving expert evaluators in both countries.
